May 13, 2013

Dear Reader and Interested Citizen:

Addendum No. 40 to the Final Environmental Impact Statement (FEIS) for the Snohomish County GMA Comprehensive Plan 10-Year Update, issued on May 13, 2013, has been prepared by Snohomish County Planning and Development Services. This addendum adds environmental information to the analysis contained in the DEIS and the FEIS to the 10-Year Update of the Comprehensive Plan in 2005. The addendum addresses proposed amendments by the City of Arlington (ARL1) to the Future Land Use Map of the General Policy Plan and the official zoning map to expand the Arlington Urban Growth Area to add 51.53 acres of city-owned property. This addendum does not identify detailed project impacts. Specific project actions will require further detailed environmental review as they are considered for implementation.

Review of the proposed ordinance for these proposed amendments will occur at a public hearing before the Snohomish County Planning Commission scheduled for May 28, 2013, and at a subsequent briefing and public hearing before the Snohomish County Council. The proposed ordinance and other related documents may be accessed through the Planning Commission's website on its agenda for the public hearing.

We invite you to comment on these proposed amendments during the County review process. If you have any questions concerning this addendum or the proposed amendments, please contact Steve Skorney at (425) 388-3311, ext. 2207.

Sincerely,

Clay White, Director
Planning and Development Services

**ADDENDUM NO. 40 TO THE
FINAL ENVIRONMENTAL IMPACT STATEMENT
FOR THE SNOHOMISH COUNTY
GMA COMPREHENSIVE PLAN
10-YEAR UPDATE**

**Adopting Future Land Use Map Amendments to the General Policy Plan
of the Snohomish County GMA Comprehensive Plan, Amending the
Official Zoning Map, and Revising the Arlington Urban Growth Area
(ARL 1 – City of Arlington).**

Prepared Consistent with

The Washington State Environmental Policy Act of 1971
Chapter 43.21C Revised Code of Washington
Chapter 197-11, Washington Administrative Code
Snohomish County Code Title 30

Snohomish County Planning and Development Services

Date of Issuance: May 13, 2013

FACT SHEET

Project Title:	Relating to the Growth Management Act, Adopting Future Land Use Map Amendments to the Snohomish County Growth Management Act Comprehensive Plan, amending the zoning map to implement changes to the Future Land Use Map, and revising the Arlington Urban Growth Area (ARL1 – City of Arlington)
Proposed Non-Project Action:	The proposed non-project action is the adoption by the Snohomish County Council of amendments to the Future Land Use (FLU) map of the Snohomish County General Policy Plan (GPP), amendments to the Arlington Urban Growth Area (UGA), and amendments to the official zoning map.
Purpose of the EIS Addendum:	<p>This addendum adds information relating to the non-project programmatic county action described above. This information does not result in any new significant adverse environmental impacts and does not change the analysis of previously identified significant impacts of the alternatives to the county's GMACP within the previously issued SEPA documents dated May 5, 2004, (Draft EIS) and December 13, 2005, (Final EIS).</p> <p>This addendum is being issued in accordance with WAC 197-11-625 and WAC 197-11-630. The adopted environmental documents listed herein, together with this addendum, meet Snohomish County's environmental review needs for the current proposed amendments.</p>
Description of Proposal:	Proposed amendments to the FLU map of the GPP and official zoning map to expand the Arlington UGA to add 51.53 acres of city-owned property. The Riverway Commercial Farmland (RCF) FLU map designation and the Agriculture-10 Acre (A-10) zoning on the property would remain unchanged.
Location of Proposal:	The proposal site is located northwest of the intersection of SR 530 and SR 9, on the south side of the Stillaguamish River in unincorporated Snohomish County.
Action Sponsor Lead Agency:	Snohomish County Department of Planning and Development Services 3000 Rockefeller Avenue, M/S #604 Everett, Washington 98201-4066
Required Approval Review:	Snohomish County Council – adoption of ordinances Washington State Department of Commerce – coordination of state comments
Circulation and Comment:	This addendum, or notice of availability, is being sent to all recipients of the previously issued Draft and Final EIS for the 10-Year Update of the GMA Comprehensive Plan as required by WAC 197-11-625. No comment period is required for this addendum under WAC 197-11-502(8)(c).

ENVIRONMENTAL REVIEW

Overview:

The adoption of amendments to the GMA (Growth Management Act) Comprehensive Plan is a non-project action under the Washington State Environmental Policy Act (SEPA). This Addendum is not intended to satisfy individual project action SEPA requirements (the review needed for a future site-specific land use or building permit application). This Addendum does not significantly change the analysis of impacts and alternatives contained in the Environmental Impact Statement (EIS) prepared in 2005 for the GMA Comprehensive Plan, nor does it identify new or significantly different impacts. This Addendum will be circulated in accordance with the procedures found in WAC 197-11-625.

Prior Environmental Review

The county published the EIS for the county's updated GMA Comprehensive Plan in 2005, in accordance with the review cycle required by the GMA. The Draft EIS, issued on May 5, 2004, presented three alternatives to accommodate population and employment growth through the year 2025. The Final EIS, issued on December 13, 2005, identified and analyzed two alternatives: (1) the County Planning Commission's Recommended Plan, and (2) the County Council Final EIS Map List. The elements of the environment addressed in the EIS document included elements of both the natural and built environment: earth, air, water, plants and animals, energy and natural resources, environmental health, population and employment, land and shoreline use, transportation, public services, and utilities.

EIS Addendum

According to the SEPA Rules, an Addendum to an EIS provides additional analysis and/or information about a proposal or alternatives where their significant environmental impacts have been disclosed and identified in a previous environmental document (WAC 197-11-600(3)(b)(ii)). An Addendum is appropriate when the impacts of the new proposal are the same general types as those identified in the prior document and when the new analysis does not substantially change the analysis of significant impacts and alternatives identified in the prior environmental documents (WAC 197-11-600(4)(e), WAC 197-11-706).

This Addendum to the GMA Comprehensive Plan EIS is being issued pursuant to WAC 197-11-625 to meet the County's SEPA responsibility. The GMA Comprehensive Plan EIS evaluated plan alternatives and impacts that encompass the same general policy direction, land use patterns, and environmental impacts that are expected to be associated with the proposed amendments identified in this Addendum.

No additional significant impacts beyond those identified in the county's EIS for the 10-Year Update are expected to occur. Revisions to the proposal may be considered during the public hearing process. To the extent that the existing environmental documents listed in this Addendum or other published documents have analyzed such revisions and adopted by reference; no additional programmatic action level environmental review will be required.
